

The Chicken Family

Meet the Chicken family. Cha Cha the Chick, Julia the Hen, and Rico the Rooster are sure to worm their way into your heart. This adorable family of birds lives on Farmer Scott's farm, just outside of town. They keep busy by spending their days foraging the grounds and searching for worms to slurp, insects to peck and flowers to sniff! They love exploring as a family!

They also get pretty egg-cited about taking a break in evenings. Their favorite evening activity? They like to gather around the hen house, turn on the TV and watch classic movies, like "A Chicken's Tale" and "It's an Egg-cellent Life."
