

Hanna Horse

Hanna is a happy horse, who spends most of her days galloping around a barn and field on the West side. She is prides herself as being extremely active in Animal House community. She is very busy! She loves working out and does it often. Running around through the field and practicing jumping are her most favorite forms of exercise. She also loves spending lots of time horsin' around with her horse friends! Hanna also serves as a volunteer in a horse ridership program for young horse riders. Seeing the children smile (and stealing kisses and pets from them) is her favorite reward for letting them ride on her back!
